

# KEDAR GHADYALJI

## B.Tech. in Artificial Intelligence & Data Science (Pursuing)

[kedarghadyalji@gmail.com](mailto:kedarghadyalji@gmail.com) | 9594808335 | Age: 19 | [linkedin.com/in/kedar-ghadyalji-98b7a6341](https://linkedin.com/in/kedar-ghadyalji-98b7a6341) | [github.com/KedarGhadyalji](https://github.com/KedarGhadyalji)

To pursue a challenging career with honesty and loyalty by converting my expertise, knowledge, skills and abilities into value for an organization.

### SKILLS

**Technical :** C, C++, C#, Java, Python, JavaScript, MySQL

**Behavioural:** Team Player, Time Management, Self Initiative, Adaptability

### ACADEMICS

| Qualification   | Institute                                 | Board/University     | Year     | CGPI / % |
|-----------------|---|----------------------|----------|----------|
| B.Tech. (AI-DS) | K J Somaiya Institute of Technology, Sion | University of Mumbai | Pursuing | 8.13     |
| XII             | Mahatma Phule Junior College, Parel       | HSC                  | 2023     | 57.5     |
| X               | IES Digambar Patkar Vidyalaya, Dadar      | SSC                  | 2021     | 84.8     |

### PROJECTS

#### TimeFlex – A Personal Time Table Generator (Academic Project)

- Developed a web-based personal timetable generator using HTML, CSS, JavaScript, and Java.
- Designed a clean and user-friendly UI that allows users to efficiently generate and manage their personal schedules.

#### SMART – Real-time Chat Application (Academic Project)

- Created a secure, real-time chat application using MongoDB, Express.js, React.js, Node.js, and Socket.IO.
- Focused on implementing real-time bi-directional communication between users with instant message delivery and live updates.

#### Genie – AI Pocket Agent (Academic Project)

- Developed a mobile application featuring multiple AI agents using React Native and Expo, with Firebase for real-time data syncing and Clerk for authentication.
- Implemented functionality for users to interact with pre-existing AI agents or create new ones in real time.
